

Ayesha Lubna

Data Analyst — Business Intelligence Specialist

Bengaluru, India — +91 82177 39973 — ayeshalubna6677@gmail.com

[LinkedIn](#) — [GitHub](#) — [Portfolio](#)

Professional Summary

Data Analyst skilled in SQL, Python, Power BI, Tableau, and Excel; experienced in data cleaning, exploratory data analysis (EDA), dashboarding, KPI reporting, business intelligence, and reporting automation. Proven ability to turn data into actionable insights, optimize processes, and deliver stakeholder-ready solutions. Adept at supporting data-driven decision-making and driving business impact. Seeking impactful roles in Data Analysis and Business Intelligence.

Technical Skills & Tools

Analytics & BI: Power BI (DAX, dashboards); Tableau; Advanced Excel (Pivot, Power Query); Looker Studio.

Programming & Data: Python (pandas, NumPy, scikit-learn); SQL (joins, window functions); R.

Machine Learning: Regression, Classification, XGBoost, LightGBM; CNNs (TensorFlow, PyTorch); NLP (Hugging Face).

Data Engineering / MLOps: ETL; Apache Spark; Airflow; Docker; MLflow; AWS (S3, SageMaker); Flask/Streamlit.

Tools & Collaboration: Git/GitHub; Jupyter; VS Code; Heroku; Jenkins.

Professional Experience

Artificial Intelligence Consultant Intern – Rubixe.ai (Jan 2024 – Mar 2024)

- Engineered end-to-end predictive models and built interactive Power BI dashboards to surface customer retention KPIs, supporting actions that simulated 12% churn reduction.
- Automated data pipelines and SQL extracts for weekly reports, reducing data prep time by 30%.
- Collaborated with stakeholders to convert business questions into measurable metrics and prioritize dashboard features for executive reporting.

DevOps Intern – Seventh Sense Solutions (Oct 2023 – Nov 2023)

- Implemented CI/CD workflows using Jenkins and Docker, improving deployment reliability to 99%.
- Automated build-triggering via GitHub webhooks and standardized deployment steps, reducing manual errors and deployment time.

Soft Skills Intern – Seventh Sense Talent Solutions (2022)

- Completed corporate communication and leadership training, improving stakeholder presentation and cross-team collaboration skills.
-

Projects

Telecom Churn Analysis – Power BI, Python, SQL

- EDA feature engineering on 5,000+ records; Random Forest/XGBoost achieved **88% accuracy**.
- Power BI dashboard with drill-downs cohort analysis enabled simulated **12% churn reduction**.

- Integrated ML model predictions with dashboards for real-time business decision support, improving retention strategy efficiency.

E-Commerce Segmentation – SQL, Python, Tableau

- RFM segmentation on 200k+ transactions; engineered customer features for segmentation.
- Tableau dashboards recommendation triggers suggested a **15% uplift** in targeted marketing conversion.
- Built end-to-end pipeline from feature engineering to dashboard automation, ensuring actionable insights were delivered weekly.

Flight Price Forecasting – Tableau, Python, SQL

- Regression time-series analysis; engineered route/date features.
- Tableau visualizations highlighted seasonality, outliers, and demand; automated Python/SQL pipeline for weekly forecasts.
- Designed a repeatable forecasting workflow, enabling business stakeholders to make data-driven pricing decisions faster.

Additional Analytics / ML Projects – Python, NLP, Deep Learning

- AI Content Writing App: Hugging Face + Flask API; deployed with simple web UI.
- Skin Disorder Prediction: CNNs (ResNet50, VGG16) achieved **92% classification accuracy**; deployed as Streamlit app.
- Implemented CI/CD pipelines for model training and deployment, ensuring reproducible results and production-ready endpoints.

Sales Dashboard (2025) – Tableau, SQL

- Automated KPI scorecards drill-down views; reduced manual reporting by **40%**.
 - SQL ETL pipeline aggregated daily sales for faster monthly close.
 - Integrated real-time data monitoring to proactively flag performance issues, enhancing sales decision-making.
-

Education

B.Tech, Information Science and Engineering Guru Nanak Dev Engineering College (VTU)
 2021 – 2025
 Percentage: 84.55%

Certifications & Achievements

- AI Engineer — DataMites
- Data Science Course — DataMites
- AI Assessment (Gold) — NASSCOM FutureSkills Prime
- ML with Python — IBM
- Python Programming — Infosys
- Job Simulations — Deloitte & BCG (Forage)
- Organizer & Paper Presenter — Intl Conference on AI/IoT/ML (2024)
